About Me

A highly motivated and enthusiastic IT student with a passion for technology and a strong foundation in programming and experienced in networking and security. I possess a positive attitude, excellent communication skills, and the ability to work well in a team. My hands-on project experience in digital circuit design and logic gate implementation has enhanced my analytical and problem-solving skills, I am eager to bring my technical abilities and positive attitude to a professional setting and continue to grow and develop in the field.
